I wonder...

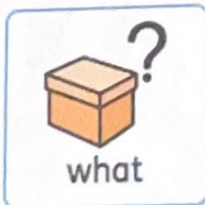

How do people know

that the stories from the bible are
real because they can't see
god and learn that they couldn't
make books?

Why do people

believe in the stories
in the bible even
though they don't
know if god is
real?

What person created
god? what is the
point of believing
in god if you
don't know if god
exists?

We worked in groups to act out Jesus calming the storm. In the boat with Jesus there were disciples, fishermen and Jesus' other friends. God used his power to calm the storm and Jesus said 'cease wind waves and the wind and the storm stopped so the disciples were good and Jesus. God is really powerful and helped people but because they believed that he was a nice man and helped him because they didn't deserve to die because they weren't happy with god.
