Autumn Term

Newsletter No. 01

Friday 09th September, 2022

Dear Parents and Carers,

It has been an absolute pleasure to welcome back the children into school. They have settled well into their new classes and routines and the teachers found it hard to choose just one or two children this week for certificates as so many children have been working hard and trying their best. Of course, we started our Celebration Collective Worship on a rather sadder note this morning as we remembered Queen Elizabeth II and all that she meant to us and our families. The children were very respectful and enjoyed talking about the Platinum Jubilee which took place such a short time ago. We also said a prayer together to help us remember her and comfort ourselves at a sad time. I will let you know as soon as I have any further guidance from the DfE concerning the funeral and any potential school closure day.

New Staff

We are very pleased to welcome Coach Ben (Mr Wilson) to our team this year. He will be working in school on Wednesdays, Thursdays and Fridays teaching PE, working with small groups of children and running after school clubs.

PE kit

Thank you for sending your children in wearing the correct school PE kits this week. The vast majority of the children are wearing this, for the few who are still in branded sportswear/different colours, the information is on our website and available in the school office. If anyone is struggling with purchasing the kit, FOLT have a huge selection of goods quality second hand uniform at vastly discounted prices.

After School Clubs

The after school clubs offer email will go out on Monday (12th September) and booking will go live at 6.30pm on that day. The clubs will then start week beginning Monday 19th September and run for 10 weeks until week beginning Monday 5th December. The clubs spaces will be allocated on a first come first served basis this term. However, if there is a waiting list then those children will be prioritised for a space in the Spring Term.

Pupil details and collection forms

You will be receiving a pupil details form and pupil collection form next week for your child/children. These MUST be completed so that we have up to date addresses, phone numbers and photo permission details for your child. The collection sheet is vital in terms of safeguarding your children so we know exactly who they can and can't be collect by. Even if you believe the information to be the same as last year, please complete these forms as it is our duty to collect this information every year from parents and carers. The deadline for completion is Friday 16th September. Thank you

Have a lovely weekend

Language of the Term- German

The language of this half term is German. Please practice these phrases as much as you can at home. We would love it if you could help your child to find information about the German language and support them completing a Fact Poster about it to share with their classmates. There will be prizes for the winners! Have fun!

Jam Coding - KS2 Coding Club

The children in KS2 were visited this week by Jam Coding who spoke to them about a potential new club we would like to run after school. The club will be on a Wednesday from 3.30pm to 4.30pm and it will develop children's coding skills. The club will teach children how to code and build their very own computer game. Many of the children were extremely enthusiastic and asked some very insightful questions.

You should have all received direct details about the club - timing, dates and cost. These can also be found attached at the end of the newsletter.

GAMEBUILDING

AFTERSCHOOL CLUB

This GAMEBUILDING workshop will teach learners how to code and build their very own Computer Game. From Flappy Birds to Candy Crush, kids have consistently shown their ability to develop good games, this workshop will teach them to do this. Game coding teaches children to work in teams, think logically and solve problems.

KS1 Explorer's Day

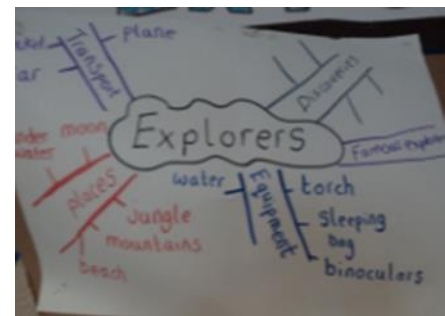

On Wednesday we enjoyed a day all about our new topic Explorers!

First of all we looked at what explorers might need to take with them in their expedition. We then became explorers

and went out on a senses' adventure where we had to find objects.

We created a mind map together of what we already knew and thought about what we would like to find out.

We had fun using junk modelling and Lego to create transports for the explorers to travel. We imagined what we might see if we were exploring space and created some amazing pictures with pastels.

Allotment Project

We are looking for some volunteers please!

- ❖ Would you, or someone you know, like to join our Monday morning gang down at the Pools Allotments in Bypass Road - between the Plough and the M25 roundabout?
- ❖ Are you interested in spending some time in the open air helping to establish an Allotment plot in North Leatherhead?
- ❖ It's not only great for your peace of mind and well-being - it is very satisfying to grow and harvest your own food - from apples to strawberries, from carrots to blackcurrants.
- ❖ Volunteers meet at 10.00 am on each Monday morning for a couple of hours of fun, friendship and fruitfulness!
- ❖ No gardening skills or experience necessary - although you may pick up some useful tips on the way!
- ❖ No kit or tools required - just sensible shoes and a hat if sunny!

DO JOIN US - YOU WILL REALLY ENJOY IT!

Please record your contact details with Eddie McArdle on 07740 628129 if you plan to come along
